## The Kingdom of Egypt

## Universal Simplex Essays

In 1951, Universal Postal Frankers produced a frank for Egypt for use on the "Simplex" machine. This Simplex was technically a limited value machine, but had 25 denominations of postage.

Essay of proposed design

The essay above was apparently approved and specimens such as the one below were prepared. However, the machine was not licensed during the Kingdom period, and the only reported example of a Simplex is from Alexandria in 1974, well after the UAR period.

## The Kingdom of Egypt

Hasler F88

Similar to Universal Multivalve but with: shorter and flatter crown  
eight point asterick in value figure  
license number below the frank  
stops between date elements
